12th PVRI Annual World Congress
on Pulmonary Vascular Disease

Monday 22 January 2018

Breakfast 07:00 - 08:00

Welcome 08:00 - 08:10

Plenary 1
Chair: Nick Morrell

PROFESSOR SHEILA GLENNIS HAWORTH LECTURE:
Genes and Pulmonary Hypertension // Nick Morrell 08:00 - 10:00

Followed by a series of talks on the genetics of pulmonary hypertension
5 poster presentations (1 minute each) will follow the talks. Presenters will introduce their novel work from 1 slide. There will be no questions at this time, but interested parties can discuss the posters with the presenters during the cocktail reception.

BREAK 10:00 - 10:30

Plenary 2
Chairs: Stuart Cook & Paul Yu

PROFESSOR STUART RICH LECTURE:
Genotype-phenotype studies in the heart // Stuart Cook 10:30 - 12:30

The Myocardium

Followed by a series of talks on the myocardium of pulmonary hypertension
5 poster presentations (1 minute each) will follow the talks. Presenters will introduce their novel work from 1 slide. There will be no questions at this time, but interested parties can discuss the posters with the presenters during the cocktail reception.

LUNCH 12:30 - 13:30
Pulmonary Circulation Editorial Meeting 12:30 - 13:30

Plenary 3
Chair: Brad Maron

The American Heart Association Partnership with PVRI 13:30 - 15:30
A series of talks that will address progress towards a molecular classification of pulmonary hypertension

BREAK 15:30 - 16:00

PVRI Annual General Meeting 16:00 - 17:00

Poster Session CLINICAL and BASIC 17:30 - 20:00
Attendees mingle with posters over drinks and snacks

END OF DAY ONE SCIENTIFIC SESSIONS

20:00 - 21:00
PVRI Pharma Task Force Meeting
Tuesday 23 January 2018

Plenary 4
Chairs: Kurt Stenmark & Edda Spiekerkoetter

What’s Hot BASIC
A series of presentations on emerging science in pulmonary vascular disease
5 poster presentations (1 minute each) will follow the talks. Presenters will introduce their novel work from 1 slide. There will be no questions at this time, but interested parties can discuss the posters with the presenters during the cocktail reception.

BREAK

Plenary 5
Panel: Comprises all discussants from case presentations

Clinical Case Round Table
Presenters: Presenters are expected to identify an anonymised case which can be presented based on up to 3 slides. The case should clearly highlight a challenging diagnostic or management issue. (25 minutes per case)

LUNCH

Asia-Pacific Meeting open to all delegates
A joint session with the Asia Pacific Cardiovascular Society

END OF DAY TWO SCIENTIFIC SESSIONS

14:00 onwards
Singapore Sightseeing Tours

19:00-21:00
PVRI Committee for Young Clinicians & Scientists Social Evening
Wednesday 24 January 2018

Plenary 6
Chairs: Nick Kim & Ardi Ghofrani

Chronic Thromboembolic Pulmonary Hypertension (CTEPH) 08:00 - 10:00
Talks addressing modern day management of CTEPH
5 poster presentations (1 minute each) will follow the talks. Presenters will introduce their novel work from 1 slide. There will be no questions at this time, but interested parties can discuss the posters with the presenters during the cocktail reception.

BREAK 10:00 - 10:30

Plenary 7
Chair: Stuart Rich

Precision Medicine 1 10:30 - 11:30
A panel discussion with the audience on the acceptability and practicality of a Master Clinical Trials Protocol for clinical studies in pulmonary hypertension
5 poster presentations (1 minute each) will follow the talks. Presenters will introduce their novel work from 1 slide. There will be no questions at this time, but interested parties can discuss the posters with the presenters during the cocktail reception.

Lunchtime Posters Session 11:45 - 13:45
LUNCH 12:45 - 14:00

Plenary 8
Chairs: Martin Wilkins & Anna Hemnes

Precision Medicine 2: Biomarkers and Clinical Trial Endpoints 14:00 - 15:30
Talks from industry and academia

BREAK 15:30 - 16:00

Plenary 9
Chairs: TBC

Talks from 1 Slide 16:00 - 17:00
Speakers present a new concept or address a big idea from 1 slide presentation (5 minutes) followed by a 10 minute discussion.

END OF DAY THREE SCIENTIFIC SESSIONS

PVRI GALA DINNER (all welcome, including partners & guests) 19:00 onwards
Buy your ticket at the reception desk
Thursday 25 January 2018

Plenary 10
Chair: TBC

Asia-Pacific Issues
08:00 - 09:30

PROFESSOR GHAZWAN BUTROUS PLENARY LECTURE:
Asia-Pacific Issues

Talks on management of orphan diseases in the Asia-Pacific region

BREAK
09:30 - 10:00

Plenary 11
Chair: Paul Hassoun

Immunity and Inflammation
10:00 - 12:00

Talks on the latest science (basic and applied) investigating inflammation in pulmonary hypertension

END OF MEETING

Afternoon Travel

WE LOOK FORWARD TO SEEING YOU IN SINGAPORE
